CHANDRA NEHASRI

MACHINE LEARNING • DATA ANALYTICS • ARTIFICIAL INTELLIGENCE

Hyderabad, Telangana, India | +91 9182633188 | chandranehasri@gmail.com|linkedin.com/in/chandra-neha-chowdary

PROFESSIONAL SUMMARY

CSE graduate specialized in Artificial Intelligence, with a strong foundation in Machine Learning, Data Analytics and Software Development. Proficient in Python, SQL, Excel, Flask and MySQL with hands-on experience in AI projects involving data preprocessing, data annotation, object detection, image segmentation and Chatbot development. Eager to apply my technical skills an contribute to organization and grow professionally.

TECHNICAL SKILLS

Programming & Scripting: Python, SQL, Bash, HTML, CSS

AI & Machine Learning: Machine Learning, Scikit-learn, Pandas, NumPy, Computer Vision, Image Segmentation

Data & Analytics: Data Analysis, MS Excel, Power BI

Core Competencies: Analytical Thinking, Problem Solving, Team Collaboration

INTERNSHIP

Digital Bhem, Pune

Jan 2026 - Apr 2026

Artificial Intelligence Intern

- Contributed to AI and computer vision projects involving object detection, image segmentation and video annotation, supporting end to end machine learning workflows.
- Prepared, cleaned and annotated large-scale datasets, to improve data quality and support efficient model training and performance.
- Performed data processing, feature extraction and dataset analysis to prepare high quality data for machine learning applications.
- Collaborated with cross-functional teams to understand project requirement and deliver data-driven AI solutions aligned with project Objectives.

Tech Stack: Python, Machine Learning, Computer Vision, SQL, Data Annotation Tools

PROJECTS

Online Interactive Entrepreneur Club

May 2026

- Developed a web-based platform that enables aspiring entrepreneurs to connect, share ideas and collaborate within an online community.
- Built a responsive web interface using Flask, HTML, CSS, and JavaScript for smooth user interaction.
- Designed and managed a MySQL database to store and manage user profiles, posts, and community interactions.
- Implemented user authentication, session management, and CRUD operations to support secure and dynamic platform functionality.

Tech Stack: Python, Flask, HTML, CSS, JavaScript, MySQL

AI Chatbot Application

Feb 2026

- Developed an AI-powered chatbot capable of real-time user interaction using natural language processing techniques.
- Integrated frontend and backend components to enable dynamic query handling and seamless user interaction.
- Applied machine learning concepts to improve the chatbot's response handling and conversational flow.
- Designed an interactive interface focused on providing efficient and user-friendly chatbot interactions.

Tech Stack: Python, Natural Language Processing, Machine Learning, HTML, CSS, JavaScript

CERTIFICATIONS

- Microsoft Powe BI - Simplilearn
- Python Programming - Skill India

EDUCATION

Bachelor of Technology, Computer Science and Engineering *Aug 2022 – May 2026*

Parul niversity, Vadodara, Gujarat | CGPA: 8.00
